In order to serve you better, please take a moment to review our office cancellation policy.

It is our hope that you will always be able to make your appointments. It is a time that has been reserved for you and that was scheduled to work best for you and your family. We know that these days our lives have become very hectic and that is why we will always try and give you a **COURTESY** confirmation call one to two days prior to your scheduled appointment.

When a patient does not show up for an appointment or does not give enough notice to our staff that they are unable to keep their appointment it takes away the opportunity for another patient to be seen and it also does not allow our staff adequate time to try and schedule someone else in that time slot. Please try and give our staff at least 48 hours notice if you will need to change a scheduled appointment.

Thank you for your cooperation.
